Join us!

We are currently inviting a **POWER BI EXPERT** to join the digitalisation team, who will be responsible for designing, developing, and maintaining interactive and insightful dashboards and reports using Power BI. Your work will play a crucial role in helping our organization make data-driven decisions, optimize processes, and improve overall performance.

Key responsibilities:

- business needs identification, analysis, and evaluation,
- development and implementation of data models,
- creation of Power BI reports,
- data warehouse development and maintenance,
- user training,
- building Power BI development roadmap,
- design and enforce governance within the Power BI platform,
- preparation of technical documentation,
- collaboration with other organizational units.

Qualifications:

- bachelor's degree in computer science, Engineering, Information Technology, or related field,
- 3+ years of experience with the Power BI analytics tool in developing data models, transforming data sets, and creating reports,
- experience in SQL and familiarity with programming languages such as Python or R for data manipulation and analysis,
- excellent analytical and problem-solving skills, with the ability to work on complex data challenges,
- strong attention to detail and accuracy.

We offer:

- flexible working hours, hybrid model,
- trainings, health insurance, additional vacation days,
- friendly and motivating work environment,
- annual bonus.

Interested?

Please apply by 31/03/2024 to atrankos@lakd.lt including Your CV and the position you are applying for. Only selected candidates will be contacted.
